Commissioner for Patents

The reply filed on 3/22/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): applicants have not addressed the examiner's rejection completely. In particular, note that the examiner relied on applicant's own admission on pages 2-4 of the specification. Applicants described in detail what the prior art taught. Applicants put forth their position in the response, but completely ignored the statements in the specification, which the examiner relied upon in his rejection. A complete response will address how applicants' statements, which describe the prior art, do not anticipate and/or render obvious the claimed invention. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
